

St Ann's School Accessibility Plan 2019/2020

Aspect	Task and Action to be taken	Timescale
<p>Aspect 1 Brighten the visual impact of the courtyard for visitors arriving via the pedestrian gate. Create a safe play space within the courtyard area.</p>	<p>Identify and work with an external consultant to develop costed plans to improve the courtyard area. Implement agreed programme and once actioned note impact on visitors, other members of the multi-disciplinary team, parents/carers and students.</p>	<p>August 2019 - July 2020</p>
<p>Aspect 2 Further develop front playground areas. Research and install outdoor sunken trampolines in field area.</p>	<p>Work with class teams to further develop the two discrete front playground areas. The early developmental ASD area for Sun class and the sensory PMLD area for Ariel class. Further meet sensory integration needs by installing a high quality circular sunken trampoline on the field for easy access by all students. Use learning from installation and use of first trampoline to guide choice, location and use of second trampoline as part of the Telstar build project.</p>	<p>August 2019 - July 2020</p>
<p>Aspect 3 Replace flooring in admin office area to brighten workspace and improve access and movement for wheelchair students.</p>	<p>Obtain quotes, appoint contractor and identify a two week holiday period for</p> <ul style="list-style-type: none"> ● packing up entire contents of admin offices ● painting main office, HT room and DHT room. ● laying new Altro flooring in main office and DHT room ● Installing new blinds on courtyard side windows 	<p>August 2019 - July 2020</p>

Other ideas for 2020/2021

- Allotment and kitchen garden
- Access to Telstar wet classroom
- Development of woodland area between inner and outer perimeter fences
- Lunch served to all PMLD students from a servery set up in the hall.
